Tanvex BioPharma, Inc.**2020 Business Report**

The high price of biologic drugs presents a significant financial burden on the healthcare system globally. Consequently, quality, effective and affordable biosimilar products has emerged as one of the best solutions to reduce pharmaceutical costs.

The United States represents the single, largest market in the world for biologic drugs. In 2010, the US government approved the Biologics Price Competition and Innovation Act ("BPCIA") which established a clear and efficient pathway for biosimilar regulation and market access. In 2015, the US FDA approved the first biosimilar product (Zarxio®), a biosimilar to Neupogen®. As of December 31, 2020, the US FDA had approved a total of twenty-nine biosimilar products, three of which were approved during 2020. With the continued growth in biosimilar product approvals, introductions and market penetration rates, the US biosimilar industry continues to move toward fulfilling its potential.

Tanvex BioPharma, Inc. (Tanvex) is developing biosimilar products and plans to target the US market as a priority. The Company plans to leverage its in-house development, manufacturing and commercialization capabilities, which provide it control and flexibility and the ability to successfully compete in the US market. Key developments in 2020 are as follows:

2020 Product and Operation Results, Financial Performance and Budget Execution Status**1. 2020 Product and Operation Results:**

To deliver on our commitment to shareholders, we have been diligently working on advancing the development of our product pipeline and building the foundation for commercialization. Below is an overview of the progress we made in 2020:

→ **Product TX01 (proposed biosimilar to Neupogen®)**

Resubmitted BLA to US FDA in November 2020; submitted response to Health Canada in November 2020

→ **Product TX05 (proposed biosimilar to Herceptin®)**

Advanced Phase III clinical program completing enrollment in March 2020 and completing treatment in October 2020

→ **Product TX04 (proposed biosimilar to Neulasta®)**

Met with US FDA regarding pivotal trial requirements; initiated planning for scale-up and clinical trials

→ **Product TX16 (proposed biosimilar to Avastin®)**

Put Phase III clinical trial plans on hold due to level of financial investment required

→ Continued to develop commercial plans for the launch of TX01

→ Raised ~NT\$1.7 billion (~US\$60 million) of additional capital through a follow-on public offering of common stock in December 2020.

Our product pipeline development status is outlined in the table below:

Pipeline Product	Molecule	Innovator Product	Pre-clin	Phase I	Phase III	Submission	Approval	Status
TX-01	filgrastim	Neupogen® (Amgen)						Resubmitted BLA in Nov 2020; preparing for and awaiting PAI inspection
TX-05	trastuzumab	Herceptin® (Genentech)						Phase III top-line results released Feb 2021; preparing BLA for submission in mid-2021
TX04	pegfilgrastim	Neulasta® (Amgen)						Completed meeting with FDA on pivotal clinical study plans; preparing for pivotal trials
TX-16	bevacizumab	Avastin® (Genentech)						On hold (delaying initiation of Phase III due to clinical cost)
TX-52	pertuzumab	Perjeta® (Genentech)						Preparing for cell banking, process development and scale-up

2. Year 2020 financial performance

As our products are still in the development stage, no revenue was generated from product sales in 2020. The Company did recognize revenue in 2020 related to contract services performed by its development lab in Taiwan. Below is a summary of our financial results for 2020 and 2019:

Unit: NT\$ in thousands, (except per share amounts)

DESCRIPTION	2020	2019	VARIANCE	VARIANCE %
Sales and Revenue	300	0	300	n/a
Cost of Goods Sold	-157	0	-157	n/a
Operating Expenses	-2,099,720	-2,328,156	228,436	-10%
Non-operating Income and Expenses	-4,635	53,955	-58,590	-109%
Income Tax Expense	-24	-25	1	-4%
Net Loss after Tax	-2,104,236	-2,274,226	169,990	-7%
Net Loss Per Share (NT\$)	-7.84	-9.26	1.42	-15%

We continued to invest heavily in research and development and pre-commercialization activities in 2020. As a result, we incurred a net loss in 2020 of NT\$2.1 billion which was NT\$170 million less than the prior year. Our research and development costs were NT\$1.9 billion in 2020, which represented a 7% decrease from the prior year. This decrease in research and development costs was primarily due to lower cost for our TX05 phase III clinical trials. All major product development activities were implemented as planned and within the overall budget of NT\$2.5 billion in 2020.

Outlook

Tanvex will continue its transition towards commercialization in the coming year. In 2021, the Company continues to plan for the approval and launch of TX01, a proposed biosimilar to Neupogen® (filgrastim), in the US and Canada. In addition, the Company expects to file its BLA with US FDA for TX05, a proposed biosimilar to Herceptin® (trastuzumab). Tanvex will also continue to develop and advance its earlier-stage pipeline of biosimilar products.

REPORT OF INDEPENDENT AUDITORS' TRANSLATED FROM CHINESE

To Tanvex Biopharma, Inc.

Opinion

We have audited the accompanying consolidated balance sheets of Tanvex Biopharma, Inc. and its subsidiaries (the “Group”) as at December 31, 2020 and 2019, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards in the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group's 2020 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we

do not provide a separate opinion on these matters.

The key audit matter for the Group's 2020 consolidated financial statements is described below:

Impairment assessment of property, plant and equipment

Description

As of December 31, 2020, the Group's property, plant and equipment amounted to NT\$555,692 thousand, accounting for 13% of the consolidated total assets. Please refer to Notes 4(11) and 4(14) for the related accounting policy and Note 6(5) for the details of property, plant and equipment in the consolidated financial statements.

The Group is currently engaged in conducting research and development of biosimilar products, so the property, plant and equipment are mainly used for the purposes of research and development and are highly relevant to the outcome of biosimilar drugs' development. In addition, the balance of property, plant and equipment at December 31, 2020 was significant. Thus, we consider impairment assessment of property, plant and equipment as a key audit matter.

How our audit addressed the matter

Our procedures performed in respect of the above key audit matter included:

- Reviewing the reasonableness of the assessment of impairment indicators provided by management and discussing with management and research and development supervisor as to whether:
 1. Main research and development technology has not lost competition in the market.
 2. There is no major delay in the major research and development projects.
 3. The main research and development equipment is in normal use and has not been damaged or outdated.
 4. The market value of the Group is not lower than its book value at the balance sheet date.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards,

IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the generally accepted auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the generally accepted auditing standards in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Rules of Procedure for Shareholders Meetings

(English translation)

Article 1 Basis for the adoption of these Rules

To establish a strong governance system and sound supervisory capabilities for this Corporation's shareholders meetings, and to strengthen management capabilities, these Rules are adopted pursuant to Article 5 of the Corporate Governance Best-Practice Principles for TWSE/GTSM Listed Companies.

Article 2 Scope of these Rules

The rules of procedures for this Corporation's shareholders meetings, except as otherwise provided by law, regulation, or the articles of incorporation, shall be as provided in these Rules.

Article 3 Convening shareholders meetings and shareholders meeting notices

Unless otherwise provided by law or regulation, this Corporation's shareholders meetings shall be convened by the board of directors.

This Corporation shall prepare electronic versions of the shareholders meeting notice and proxy forms, and the origins of and explanatory materials relating to all proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors or supervisors, and upload them to the Market Observation Post System (MOPS) before 30 days before the date of a regular shareholders meeting or before 15 days before the date of a special shareholders meeting. This Corporation shall prepare electronic versions of the shareholders meeting agenda and supplemental meeting materials and upload them to the MOPS before 21 days before the date of the regular shareholders meeting or before 15 days before the date of the special shareholders meeting. In addition, before 15 days before the date of the shareholders meeting, this Corporation shall also have prepared the shareholders meeting agenda and supplemental meeting materials and made them available for review by

shareholders at any time. The meeting agenda and supplemental materials shall also be displayed at this Corporation and the professional shareholder services agent designated thereby as well as being distributed on-site at the meeting place.

The reasons for convening a shareholders meeting shall be specified in the meeting notice and public announcement. With the consent of the addressee, the meeting notice may be given in electronic form.

Election or dismissal of directors or supervisors, amendments to the articles of incorporation, reduction of capital, application for the approval of ceasing its status as a public company, approval of competing with the company by directors, surplus profit distributed in the form of new shares, reserve distributed in the form of new shares, the dissolution, merger, or demerger of the corporation, or any matter under Article 185, paragraph 1 shall be set out and the essential contents explained in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion; the essential contents may be posted on the website designated by the competent authority in charge of securities affairs or the corporation, and such website shall be indicated in the above notice.

Where re-election of all directors and supervisors as well as their inauguration date is stated in the notice of the reasons for convening the shareholders meeting, after the completion of the re-election in said meeting such inauguration date may not be altered by any extraordinary motion or otherwise in the same meeting.

A shareholder holding one percent or more of the total number of issued shares may submit to this Corporation a written proposal for discussion at a regular shareholders meeting. The number of items so proposed, however, is limited to one only, and no proposal containing more than one item will be included in the meeting agenda, provided a shareholder proposal for urging the corporation to promote public interests or fulfill its social responsibilities may still be included in the agenda by the board of directors. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the

board of directors may exclude it from the agenda.

Prior to the book closure date before a regular shareholders meeting is held, this Corporation shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, this Corporation shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 4 Delegate to attend the shareholders meeting and authorize

For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by this Corporation and stating the scope of the proxy's authorization.

A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting, and shall deliver the proxy form to this Corporation before five days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to this Corporation, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to this Corporation before two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

Article 5 Principles determining the time and place of a shareholders meeting

The venue for a shareholders meeting shall be the premises of this Corporation, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the meeting.

Article 6 Preparation of documents such as the attendance book

This Corporation shall specify in its shareholders meeting notices the time during which shareholder attendance registrations will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations.

Shareholders and their proxies (collectively, "shareholders") shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. This Corporation may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

This Corporation shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

This Corporation shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors or supervisors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

Article 7 The chair and non-voting participants of a shareholders meeting

If a shareholders meeting is convened by the board of directors, the meeting shall be chaired by the chairperson of the board. When the chairperson of the board is on leave

or for any reason unable to exercise the powers of the chairperson, the vice chairperson shall act in place of the chairperson; if there is no vice chairperson or the vice chairperson also is on leave or for any reason unable to exercise the powers of the vice chairperson, the chairperson shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the directors shall be appointed to act as chair. Where the chairperson does not make such a designation, the managing directors or the directors shall select from among themselves one person to serve as chair.

When a managing director or a director serves as chair, as referred to in the preceding paragraph, the managing director or director shall be one who has held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders meetings convened by the board of directors be chaired by the chairperson of the board in person and attended by a majority of the directors, at least one supervisor in person, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

If a shareholders meeting is convened by a party with power to convene but other than the board of directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

This Corporation may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Article 8 Documentation of a shareholders meeting by audio or video

This Corporation, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Article 9 The calculation of the number of shares attending the shareholders meeting and the meeting

Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 10 Discussion of proposals

If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Votes shall be cast on each separate proposal in the agenda (including extraordinary motions and amendments to the original proposals set out in the agenda). The meeting shall proceed in the order set by the

agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

Article 11 Shareholder speech

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the

shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Article 12 Calculation of voting shares and recusal system

Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of this Corporation, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13 Proposal voting, scrutiny and counting methods

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce

the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

Article 14 Election of directors and supervisors

The election of directors or supervisors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and supervisors and the numbers of votes with which they were elected.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15 Minutes of meetings and signatures

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the

meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence of this Corporation.

Article 16 Public disclosure

On the day of a shareholders meeting, this Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies, and shall make an express disclosure of the same at the place of the shareholders meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or GreTai Securities Market) regulations, this Corporation shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17 Maintaining order at the meeting place

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair

may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18 Recess and resumption of a shareholders meeting

When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

Article 19 Implementation and revision

These Rules shall take effect after having been submitted to and approved by a shareholders meeting. Subsequent amendments thereto shall be affected in the same manner.

When there is an amendment or alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the

order in which they will be put to a vote. If anyone among them is passed, the other proposals shall then be deemed rejected, and no further voting on them shall be required.

Guidelines for the Adoption of Codes of Ethical Conduct for TWSE/GTSM Listed Companies

(English translation)

Article 1 Purpose of and basis for adoption

In recognition of the necessity to assist the companies in Taiwan in their establishment of codes of ethical conduct, these Guidelines are adopted for the purpose of encouraging directors, supervisors, and managerial officers of TWSE listed and GTSM listed companies (including general managers or their equivalents, assistant general managers or their equivalents, deputy assistant general managers or their equivalents, chief financial and chief accounting officers, and other persons authorized to manage affairs and sign documents on behalf of a company) to act in line with ethical standards, and to help interested parties better understand the ethical standards of such companies.

Article 2 Content of the code

1. Prevention of conflicts of interest:

Conflicts of interest occur when personal interest intervenes or is likely to intervene in the overall interest of the company, as for example when a director, supervisor, or managerial officer of the company is unable to perform their duties in an objective and efficient manner, or when a person in such a position takes advantage of their position in the company to obtain improper benefits for either themselves or their spouse, parents, children, or relatives within the second degree of kinship. The company shall pay special attention to loans of funds, provisions of guarantees, and major asset transactions or the purchase (or sale) of goods involving the affiliated enterprise at which a director, supervisor, or managerial officer works. The company shall establish a policy aimed at preventing conflicts of interest, and shall offer appropriate means for directors, supervisors, and managerial officers to voluntarily explain whether there is any potential conflict between them and the company.

2. Minimizing incentives to pursue personal gain:

The company shall prevent its directors, supervisors, or managerial officers from engaging in any of the following activities: (1) Seeking an opportunity to pursue personal gain by using company property or information or taking advantage of their positions. (2) Obtaining personal gain by using company property or information or taking advantage of their positions. (3) Competing with the company. When the company has an opportunity for profit, it is the responsibility of the directors, supervisors, and managerial

officers to maximize the reasonable and proper benefits that can be obtained by the company.

3. Confidentiality:

The directors, supervisors, and managerial officers of the company shall be bound by the obligation to maintain the confidentiality of any information regarding the company itself or its suppliers and customers, except when authorized or required by law to disclose such information. Confidential information includes any undisclosed information that, if exploited by a competitor or disclosed, could result in damage to the company or the suppliers and customers.

4. Fair trade:

Directors, supervisors, and managerial officers shall treat all suppliers and customers, competitors, and employees fairly, and may not obtain improper benefits through manipulation, nondisclosure, or misuse of the information learned by virtue of their positions, or through misrepresentation of important matters, or through other unfair trading practices.

5. Safeguarding and proper use of company assets:

All directors, supervisors, and managerial officers have the responsibility to safeguard company assets and to ensure that they can be effectively and lawfully used for official business purposes; any theft, negligence in care, or waste of the assets will all directly impact the company's profitability.

6. Legal compliance:

The company shall strengthen its compliance with the Securities and Exchange Act and other applicable laws, regulations, and bylaws.

7. Encouraging reporting on illegal or unethical activities:

The company shall raise awareness of ethics internally and encourage employees to report to a company supervisor, managerial officer, chief internal auditor, or other appropriate individual upon suspicion or discovery of any activity in violation of a law or regulation or the code of ethical conduct. To encourage employees to report illegal conduct, the company shall establish a concrete whistle-blowing system and make employees aware that the company will use its best efforts to ensure the safety of informants and protect them from reprisals.

8. Disciplinary measures:

When a director, supervisor, or managerial officer violates the code of ethical conduct, the company shall handle the matter in accordance with the disciplinary measures

prescribed in the code, and shall without delay disclose on the Market Observation Post System (MOPS) the date of the violation by the violator, reasons for the violation, the provisions of the code violated, and the disciplinary actions taken. It is advisable that the company establish a relevant complaint system to provide the violator with remedies.

Article 3 Procedures for exemption

The code of ethical conduct adopted by a company must require that any exemption for directors, supervisors, or managerial officers from compliance with the code be adopted by a resolution of the board of directors, and that information on the date on which the board of directors adopted the resolution for exemption, objections or reservations of independent directors, and the period of, reasons for, and principles behind the application of the exemption be disclosed without delay on the MOPS, in order that the shareholders may evaluate the appropriateness of the board resolution to forestall any arbitrary or dubious exemption from the code, and to safeguard the interests of the company by ensuring appropriate mechanisms for controlling any circumstance under which such an exemption occurs.

Article 4 Method of disclosure

A TWSE or GTSM listed company shall disclose the code of ethical conduct it has adopted, and any amendments to it, on its company website, in its annual reports and prospectuses and on the MOPS.

Article 5 Enforcement

A company's code of ethical conduct, and any amendments to it, shall enter into force after it has been adopted by the board of directors, delivered to each supervisor, and submitted to a shareholders meeting.

Article 6

The place and time of the board meeting of the company shall be at the location and office hours of the company or at a place and time suitable for the attendance of the directors and suitable for the board meeting.

Article 7

The cumulative voting method shall be used for election of the directors at this Corporation. Each share will have voting rights in number equal to the directors to be elected, and may be cast for a single candidate or split among multiple candidates.

Article 8

The board of directors shall prepare separate ballots for directors in numbers corresponding to the directors or supervisors to be elected. The number of voting rights associated with each ballot shall be specified on the ballots, which shall then be distributed to the attending shareholders at the shareholders meeting. Attendance card numbers printed on the ballots may be used instead of recording the names of voting shareholders.

Article 9

The number of directors will be as specified in this Corporation's articles of incorporation, with voting rights separately calculated for independent and non-independent director positions. Those receiving ballots representing the highest numbers of voting rights will be elected sequentially according to their respective numbers of votes. When two or more persons receive the same number of votes, thus exceeding the specified number of positions, they shall draw lots to determine the winner, with the chair drawing lots on behalf of any person not in attendance.

The company does not elect a supervisor when setting up an audit committee.

Independent directors and non-independent directors shall be elected together, and the

number of elected positions shall be calculated separately.

Article 10

Before the election begins, the chair shall appoint a number of persons with shareholder status to perform the respective duties of vote monitoring and counting personnel. The ballot boxes shall be prepared by the board of directors and publicly checked by the vote monitoring personnel before voting commences.

Article 11

If a candidate is a shareholder, a voter must enter the candidate's account name and shareholder account number in the "candidate" column of the ballot; for a non-shareholder, the voter shall enter the candidate's full name and identity card number. However, when the candidate is a governmental organization or juristic-person shareholder, the name of the governmental organization or juristic-person shareholder shall be entered in the column for the candidate's account name in the ballot paper, or both the name of the governmental organization or juristic-person shareholder and the name of its representative may be entered. When there are multiple representatives, the names of each respective representative shall be entered.

Article 12

A ballot is invalid under any of the following circumstances:

1. The ballot was not prepared by the board of directors.
2. A blank ballot is placed in the ballot box.
3. The writing is unclear and indecipherable or has been altered.
4. The candidate whose name is entered in the ballot is a shareholder, but the candidate's account name and shareholder account number do not conform with those given in the shareholder register, or the candidate whose name is entered in the ballot is a non-shareholder, and a cross-check shows that the candidate's name and identity card number do not match.
5. Other words or marks are entered in addition to the candidate's account name or shareholder account number (or identity card number) and the number of voting rights allotted.
6. The name of the candidate entered in the ballot is identical to that of another shareholder, but no shareholder account number or identity card number is provided in the ballot to identify such individual.

Article 13

The voting rights shall be calculated on site immediately after the end of the poll, and the results of the calculation, including the list of persons elected as directors and the numbers of votes with which they were elected, shall be announced by the chair on the site.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 14

Does not comply with the law of list company (including but not limited to Article 26-3 item 3 and 4 of the Securities and Exchange Act) shall lose their validity when elected.

Article 15

The board of directors of this Corporation shall issue notifications to the persons elected as directors.

Article 16

These Procedures, and any amendments hereto, shall be implemented after approval by a shareholders meeting.
